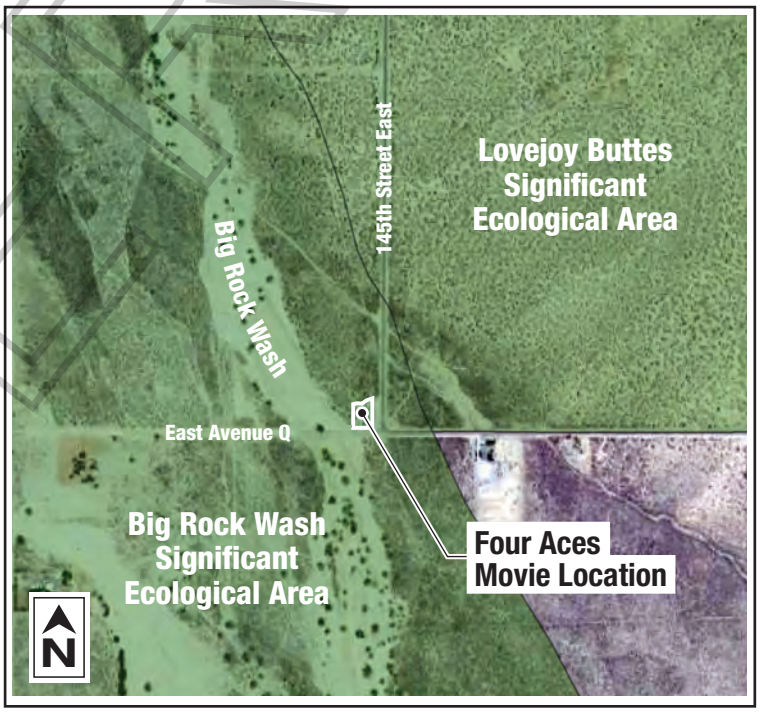
# Four Aces Movie Location

## Introduction

The Four Aces Movie Location is located in a Significant Ecological Area, which is a designation given by Los Angeles County to land that contains irreplaceable biological resources. Significant Ecological Areas contain rare and sensitive habitats that support valuable plant and wildlife species as well as areas that are important for wildlife movement. Significant Ecological Areas are designed to preserve the biological diversity of the region. Los Angeles County permits the operation of the Four Aces Movie Location within a Significant Ecological Area, provided that the natural habitats in the surrounding area are not encroached upon or disturbed. To protect the important biological resources of the Significant Ecological Area, Los Angeles County requires that all personnel managing or using the Four Aces Movie Location observe the protective measures listed on the second page of this handout.

## The Big Rock Wash Significant Ecological Area

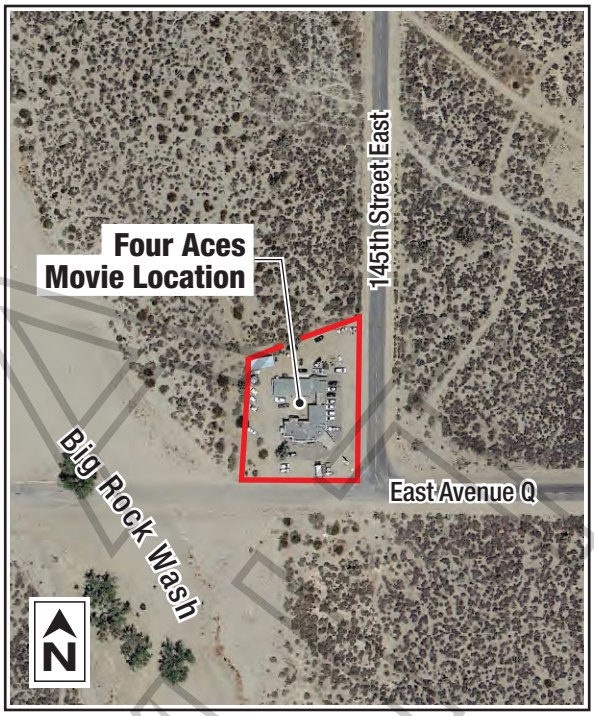
The Four Aces Movie Location is located within the Big Rock Wash Significant Ecological Area. Big Rock Wash is a large and relatively undisturbed example of desert wash habitat, which is located to the west of the Four Aces Movie Location. It provides important riparian habitat and an important wildlife migration corridor, as well as a means of seed dispersal for many desert plants. Desert washes typically support much greater species diversity than surrounding upland habitats, and are important to the stability of desert ecosystems. Another important natural habitat within the Big Rock Wash Significant Ecological Area is Joshua tree woodland, which is considered sensitive by the California Department of Fish and Wildlife. The Four Aces Movie Location is surrounded by a Joshua tree woodland, which contains low density of Joshua trees and an understory of saltbush scrub. Both the desert wash and Joshua tree woodland habitats may contain rare and threatened wildlife species, which are protected by State and Federal laws and regulations.



NOT FOR PERMIT

## Protective Measures

The sensitive natural habitats of the Big Rock Wash Significant Ecological Area may be easily disturbed by human activities. The encroachment of personnel, vehicles, or domestic pets into the natural habitats surrounding the Four Aces Movie Location could degrade these areas and potentially result in mortality, injury, harassment, or disturbance to protected wildlife species. Also, if disturbed road shoulders or other off-site areas are used for parking, vehicles could potentially injure protected wildlife species that may occur temporarily in these areas. If not properly controlled, light spillover or glare from outdoor lighting and amplified sound within outdoor areas especially if routine or for prolonged periods during nighttime hours could be disruptive to the normal behavior of wildlife and could cause some species to avoid the area. Food-related trash if not properly managed could attract predators to the area in greater than natural numbers, which could have adverse effects on protected wildlife species.



Due to the importance and sensitivity of the biological resources of the Big Rock Wash Significant Ecological Area, the County requires that all personnel managing or using the Four Aces Movie Location observe the following protective measures:

1) All activities associated with use of the Four Aces Movie Location are restricted to the fenced-off cleared/developed area containing the film set, which is shown in red on the figure above.
2) Parking in off-site areas in the vicinity of the film set, such as along road shoulders or within adjacent natural areas is prohibited.
3) Personnel are prohibited from entering the natural habitats within the Significant Ecological Area.
4) Pets must be contained and prevented from entering natural habitats within the Significant Ecological Area.
5) Nighttime lighting must be controlled to prevent light trespass or glare into the natural habitats surrounding the film set.
6) Noise including amplified sound during nighttime hours must be minimized.
7) All food-related trash must be disposed of in predator-proof closed containers.

Observance of these protective measures will ensure that disturbance to biological resources within the Big Rock Wash Significant Ecological Area will be avoided and minimized.

## Signature Certification

By signing below I indicate that these environmental education materials have been provided to me, I understand the materials provided, and I will observe the protective measures included herein during the use of the Four Aces Movie Location.

# SPECIAL FILMING CONDITIONS
# THE ARTS DISTRICT

The Special Film Conditions described below will be included in the terms and conditions of permits issued for filming in this area and are in addition to the standard terms and conditions applicable to filming permits generally. While these Special Filming Conditions will be included as terms if a permit for filming in this are is issued, they are not intended to, and do not, establish the criteria or standards for determining whether or not a particular permit(s) will be issued for this area. The decision whether or not a particular permit(s) will be issued is vested in the discretion of the appropriate City or County department or their designees (including FilmL.A.), to be exercised consistent with public health, safety and general welfare, and applicable land-use ordinances.

This is a mixed-use area that includes manufacturing facilities, warehouses, artists/artisans and residents. These Special Conditions apply to the area roughly between 1st Street and 7th Street and between Alameda Avenue and the LA River. Within the past ten years, this area has experienced an influx of permanent residents into what was predominantly a light to heavy manufacturing zone for over 75 years.

The motion picture industry has amicably co-existed with the businesses and residents of this area for decades and desires to continue to do so. These Conditions are designed to promote cooperation between film companies, local businesses and residents so that each group can effectively utilize this diverse area. Violation of any of the conditions as outlined below may result in permit revocation or other administrative action.

- Affected residents/merchants and businesses must be notified at least two days in advance of the first day of filming or the first day of any substantial set preparation for productions that:
  - Request parking restrictions on the following public streets: Traction Avenue, East 2nd Street (except Alameda Street to Garey Street), East 3rd Street, Vignes Street, Molino Street (Palmetto Street to 4th Street only)
  - Request a street closure
  - Involve any special effects, gunfire, audible playback, helicopter activity, or other disruptive activities
  - FilmL.A. or the production company shall consult a designated community representative when an applicant requests a permit with less than two days notice under the above circumstances
- Posting on more than one side of Traction Avenue, East 2nd Street (except Alameda to Garey), East 3rd Street (except Vignes to Santa Fe), Vignes Street, Molino from 4th Street to Palmetto, Hewitt from Palmetto to 4th Street, 4t Street from Colyton to Molino requires a notification to a designated person in the building where alternate parking is not provided. Posting on both sides of the above streets is allowed without signatures on Sundays.
